

SOLAR

SUMMER OF LEARNING AND RESEARCH

LEARN WITH THE BEST:

- Program for diverse students (rising Jrs and Srs) from across the nation interested in graduate research
- MARC, RISE & LSAMP Scholars, or similarly funded students encouraged to apply

SOLAR INCLUDES:

- 10 weeks of mentored research
- Competitive stipend and housing
- Journal clubs, professional development workshops, poster presentation

A GREAT PLACE:

UNC-Chapel Hill ranks 5th in the US for federal research funding. The nation's oldest University offers college-town charm with the resources of a major university.
